Todd Goates

Software Engineer

273 S 1230 West
Spanish Fork, UT 84660
(801) 319-9420
toddgoates@gmail.com

SKILLS

I enjoy working with the following languages and technologies: HTML, CSS, JavaScript, React, Vue, NodeJS, PHP, Laravel, MySQL, Redis, Docker, AWS, Linux, Stripe, GitHub, and VS Code

EXPERIENCE

Strumn LLC, Payson, Utah - *Chief Technology Officer*

January 2021 - PRESENT

- Architected a brand new SaaS product for the live music industry that uses Next JS, Laravel, React Native, and AWS
- Oversaw development of frontend, backend, and mobile teams

Q90 Corporation, Payson, Utah - *VP of Development*

December 2019 - Present

- Migrated various code repositories from Subversion to GitHub to facilitate more modern development standards, implemented code review and deployment policies, and code style guides
- Managed a team of 8 developers (both remote and local), helping team to consistently meet KPIs and finish projects on time
- Assisted with various DevOps and IT needs: setting up cloud environments, managing email accounts, database backups, VOIP phones, and DNS

Q90 Corporation, Payson, Utah - *Software Engineer*

May 2014 - December 2019

- Built and maintained various SaaS products for multiple clients in different industries, as well as internal products with JavaScript, PHP, MySQL, and AWS
- Migrated several LAMP-stack applications from a local datacenter to AWS, increasing uptime and scalability of applications and decreasing costs

- Refactored several legacy applications that are over 12 years old to the latest versions of PHP, PHP frameworks, and MySQL with little to no customer downtime
- Performed database migrations for various products and industries, transforming data format and mapping from one software to another, including data that contained PHI and required HIPAA compliance

EDUCATION

Utah Valley University, Orem, Utah *- Digital Media (Emphasis in Internet Technologies)*

Sept 2007 - April 2014

- Graduated cum laude with 3.78 GPA
- Dean's list for 6 semesters

VOLUNTEER EXPERIENCE

A Child's Hope Foundation

- Redesigned an outdated, static website to a responsive, modern Drupal site
- Created a custom donation page using Stripe that successfully processed over $500K in donations (both one-time and recurring)
- Traveled to Baja California, Mexico, on 3 different occasions to work on several construction projects at various orphanages
